Stefano Sarao Mannelli

IPhT

On the dynamics of gradient-based algorithms in high-dimensional planted models

I will discuss how these very simple, yet ubiquitous, algorithms have a complex behavior in high-dimensional non-convex settings.

(The thesis defense will be streamed on
https://eu.bbcollab.com/guest/12a6a5bb79834cd69bc2760e7c968180)
